WHO KILLED JFK?: Since President Kennedy was killed in 1963, CBS News has aired five major investigations of the murder. On Nov. 19 at 9 p.m. ET/PT, it'll air a sixth *CBS Report*, with Dan Rather — who broke the story for CBS in Dallas that Nov. 22 day — at the helm. Will the two-hour special make headlines? Rather hedged on that one Monday. But, he said, CBS puts the famous Zapruder film of the killing under a "larger and better microscope" and it's revealing. Is this, as the title suggests, *The Final Chapter?* "The final chapter may be a long chapter," says Rather. "I'm not sure it's ever going to be put to bed. But it's time to say we're reaching the point where, in terms of what we can know, we know all we're ever likely to know on the major parts of the case."
